breviarium tradidit Assemanus, *Bibl. orient.*, t. II, p. 346. Cf. etiam W. Wright, *Syriac Literature*, p. 196-200.

II. *Historiam ecclesiasticam* scripsit Dionysius, rogante Iohanne episcopo Darae. Eam in duas partes et sedecim libros disposuerat : utraque pars octo libris in capitula divisis constabat. « Complectitur cyclum annorum ccLx, ab initio regni Mauricii, id est ab anno Graecorum 894 (A. D. 582) ad annum 1154 (842), quo mortuus est Theophilus Romanorum imperator......» Verba sunt Michaelis Syri (ed. Chabot, textus, p. 544), qui non solum prologum Dionysii (p. 378) et epilogum (p. 538) recitat, sed integrum opus in suo Chronico excerpsit et fontem praecipuum habuit inde a cap. xxi libri X ad finem libri XII. Quanquam res civiles quae ad condicionem Syriae, praesertim saeculo octavo labente et initio saeculi noni, spectant, non neglexit Dionysius, tamen in enarrandis rebus ecclesiasticis fusiore calamo usus est, multaque documenta : epistulas, acta synodorum et alia huius generis, inseruit historiae suae; quae periisse dolemus, etsi aliquatenus e compendio Michaelis suppleri possunt [1].

Olim quidem in mente habuimus collegere testimonia, saltem ea quae ad verbum recitare videtur Michael, ut sunt, praeter prologum et epilogum, narratio electionis patriarchalis (text., p. 503), relatio duplicis itineris aegyptiaci (p. 514; 523), disceptatio coram emiro (p. 509) et coram (lipha (p. 517), et cetera. Sed auctor anonymus Chronici quod nuper vulgavimus (tom. XIV-XV huius seriei) quaedam ex his testimoniis exscripsit, non quidem de Michaele, cum proferat sententias ab hoc praetermissas, sed, ut videtur, de ipso libro Dionysiano. Iam vero saepius Michael et Anonymus, in eadem pericope vocibus di-

[1] Chronicon anonymum ab orbe condito ad annum 775 (quod servatur in cod. syr. Vat. clxii, et mox initio huius seriei prodibit) Dionysio adscripserat Assemanus et eius nomine saepius recitavit. Illud autem opus non esse patriarchae nostri F. Nau et Th. Nöldeke iam dudum demonstrarunt.

versis utuntur, ita ut genuinam lectionem tuto discernere minime liceat. Exempli gratia conferantur duo loci :

Chron. anon. (t. XIV, p. 17-18)	*Michael* (text. p. 516)
[illegible]	[illegible]
	omittitur sententia.
(*eodem vol.*, p. 19)	(*eodem op.*, p. 528)
[illegible]	[illegible]

Novam igitur, et prorsus incertam, textus Dionysiani recensionem ex utroque auctore constituere opus temerarium esse et vanum satis liquet.

III. Praeter testimonia a Michaele Syro et ab Anonymo nostro recitata, caput Historiae Dionysianae unum, quod hic tradimus, ad nos pervenit.

Scriptum est accurate ad calcem cod. syr. Vaticani CXLIV (olim xiv; *B. O.*, I, p. 635), quo opera Iohannis Philoponi Grammatici continentur. Binas paginas penultimi folii, 89 signati, occupat. Cf. *Bibliothecae apost. Vaticanae Codicum manuscr. Catal.*, tom. III, p. 253. Codex initio saeculi decimi exaratus videtur. Unus est e codicibus quos, A. D. 932, e Mesopotamia in monasterium Scetense intulit Moses Nisibenus, ut testatur notula fere evanida fol. 90 v° scripta. (Cf. *B. O.*, I, 83; II, 118.)

HISTORIAE ECCLESIASTICAE

AUCTORE DIONYSIO TELMAHRENSI

FRAGMENTUM.

I. Dionysius Telmahrensis, antiochenus Iacobitarum patriarcha, huius nominis primus, vitam monasticam agebat sub finem saeculi octavi in coenobio Iohannis bar Aphtonii, ad ripam sinistram Euphratis in regione Sarugensi, quod etiam Qennesrinense appellatur. Coenobio igni consumpto, transiit anno 816 in monasterium S. Iacobi Cessuniae, in Commagene. In locum Cyriaci patriarchae defuncti synodus episcoporum Callinici congregata Dionysium elegit. Consecratus est kalendis augusti anni 818. Postquam autem rexit Ecclesiam annos XXVII, quorum decursu centum episcopos creavit, vita functus est die 22ª aug. anni 845, et in monasterio Qennesrinensi, eius curis restituto, sepultus est.

Quantos autem labores toleraverit, quot itinera ardua susceperit, ut Ecclesiae suae, tum schismate Abrahami antipatriarchae, tum dissentionibus monachorum exagitatae, pacem et unitatem conciliaret ipse narravit, nec vacat hic recitare. Qui plura desiderat adeat imprimis Chronicon Michaelis Syri (*Chronique de Michel le Syrien,* trad. Chabot, t. III, p. 37-111); ex eo deprompsit quidquid de Dionysio refert Barhebraeus (*Chron. eccles.,* ed. Abbeloos et Lamy, I, col. 344-386); earumdem
